

TOWNSHIP LINE ROAD CLOSURE

PennDOT recently advised Perkiomen Township that Township Line Road will be closed to replace the bridge over Lodal Creek. The closure is scheduled to begin Monday, August 17, 2026, weather permitting. PennDOT anticipates reopening the bridge to vehicular traffic on Sunday, October 25, 2026, once the work is complete.

The official project detour will follow Route 29 and Ridge Pike. The area of the detour on Township Line Road is shown in red on the map below. PennDOT has indicated that local access will be maintained during this closure. Residents in the affected area and emergency services will continue to have access to homes, driveways, and the side roads. The work area is shown in white along Township Line Road over the Lodal Creek.
